PUNDMANN

Information

Dimensions	68 x 60 x 48 cm
Pack size	68 x 60 x 48 cm
Net weight	16 kg
Gross weight	17.2 kg

With this system, you can enjoy the comfort of hot water and warm air even on colder days and nights, which is particularly important when travelling. While driving, the engine heats the water in the boiler, saving fuel. At the same time, the Autoterm 2D diesel parking heater can heat up the water in the boiler and keep the vehicle warm while stationary, e.g. at a campsite. Therefore, please read the operating instructions carefully before purchasing and consult a professional who can advise you on selecting the best solution for your vehicle and ensure proper installation and fitting.

The set consists of:

- Therm Boiler 6 Air with heating element
- Diesel parking heater Autoterm AIR 2D
- Convenient control panel
- Hot air duct 3 m 60 mm
- T-piece Y with flap
- T-piece with flap
- 2 x air outlet 60 mm
- 2 x air outlet grille
- Mixing valve
- 3 x vase connector
