2-Component Adhesive MS 9399, white, 400 ml

TEROSON

Information

Dimensions	9.4 x 22.1 x 4.7 cm
Pack size	23 x 9.4 x 4.7 cm
Net weight	560 g
Gross weight	720 g
Catalogue page	404

Specifications

Colour	white
Content	400 ml
Type	MS 9399

TEROSON® MS 9399 is the reliable choice when excellent UV and wear resistance are required. After mixing, this highly viscous, thixotropic 2-component adhesive cures at room temperature, dries quickly on the surface and has a high initial strength. Furthermore, it is free from solvents, isocyanates and silicones, making it perfect for elastic bonding in caravan construction (e.g. for mounting satellite systems, PV systems, awnings and other attachments).

- Cures independently of humidity
- Easy-to-use system with high initial strength
- Quickly surface-dry
- Very high primer-free adhesion spectrum, e.g. on wood, steel, stainless steel, GRP, aluminium and a variety of plastic surfaces
