The STAKK BENTOBOX 2 is the practical solution for generous lunch portions. The 3-piece set consists of two differently sized bowls and a lid, allowing various ingredients to be stored separately until consumption. This keeps the food appealingly fresh and neatly stored.

The two bowls can also be used individually and are ideal for lunch breaks at the office or on the go. They are dishwasher-safe and microwaveable up to 600 W or 100 °C. The lunch-box is melamine-free and perfect for anyone who wants to transport their meals flexibly.

Please note: as there is no sealing ring, the box should only be transported in an upright position.

The set consists of:

- Shallow bowl (700 ml)
- Deep bowl (1.3 l)
- Lid
