PP Lock Nut P&S 2.0

Information

Dimensions	10x14x4.5 cm
Pack size	14x10x5 cm
Net weight	10 g
Gross weight	60 g

Height-adjustable lock nut 2.0 (with hook) for retrofitting Peg&Stop screw pegs. Thanks to the lock nut, the screw peg does not always have to be screwed in all the way. By turning the lock nut one or two times to the right, the Peggy can both attach the Fix&Go anchor plates 2.0 with counterpressure and securely tension tents and storm straps. Suitable for all P&S screw pegs with continuous thread.

Specifications

Colour	orange
