Protective Net SLiiPER, S

Information

Dimensions	700x500 mm
Pack size	75 x 10 x 4 cm
Net weight	730 g
Gross weight	800 g
Catalogue page	371

The protective net SLiiPER offers a safe place to sleep for your little ones and allows parents to sleep peacefully. The 50 cm high net ensures a high level of safety. It is particularly suitable for motorhomes and caravans where space is limited.

The high-quality workmanship and the close-meshed polyester net protect the little ones' fingers and at the same time provide a clear view for parents and children. The finely anodised aluminium profile has a piping rail that allows the fastening straps to be attached in different ways.

Thanks to four different widths and adjustable attachment points, SLiiPER can be easily installed in most standard motorhomes and caravans. The children's dream net is supplied ready to fit and guarantees easy installation.

SLiiPER was developed entirely in Germany and is also produced in Germany, which stands for quality and reliability.

SLiiPER is universal and can be attached to the ceiling or wall, with the strap length being flexibly adjustable up to 60 cm. Up to 8 attachment points for the bed frame or slatted frame ensure high stability and prevent the net from slipping. Once attached, the SLiiPER can be quickly assembled and disassembled and placed under the mattress thanks to quick-release
