Manufacturer's no. EU-10030190

Fuse 30 A for C1 (PCB)

Information

Pack size	1.5 x 1 x 0.3 cm
Net weight	58 g
Gross weight	60 g

The 30 A fuse (PCB) is an important spare part for the safe operation of the Clesana C1 dry toilet. It protects the electronic control board (PCB) from overcurrent and ensures that all functions of the toilet run reliably and securely.
