

Item no. 323/857
Manufacturer's no. CES220

Solar Panel TOPCon CES220, 220 Wp

Information

Dimensions	1578x705x35 mm
Pack size	161 x 73.5 x 5 cm
Net weight	10.8 kg
Gross weight	12.5 kg
Catalogue page	608

The Caratec CES series stands for maximum energy efficiency, modern technology and robust construction – specifically developed for use in motorhomes, caravans and off-grid energy systems.

All panels in the CES series utilise the latest TOPCon cell technology, developed at the renowned Fraunhofer Institute for Solar Energy Systems in Freiburg, Germany. The result is an exceptionally high efficiency of $\geq 25\%$ – even in diffuse light, partial shading or changing weather conditions.

The integrated brackets allow for particularly easy and stable installation on almost any vehicle roof. High-quality materials, weather-resistant surfaces and a solid construction ensure a long service life and consistently high performance – even under demanding outdoor conditions.

Specifications

Cable length	4 m
Number of panels	1
Nominal power solar panel(s)	220 Wp
Daily output	1100 Wh
Type	CES220
