Camping guide with around 150 campsites on lakes, rivers and coasts – simply enjoy the maritime flair!

Boats, ships and motorhomes offer great freedom. Perhaps it is precisely this similarity that underlies the magical attraction of marinas and harbours – at any rate, motorhome owners love to spend time near boats and ships. This camping guide takes you to 150 places in Germany where you can spend the night with your motorhome right next to watercraft. The book contains all the necessary information about these places close to the water, e.g. pitch size, contact details, GPS coordinates, supply and disposal options, services and overnight charges.

PLUS: brief information about the leisure activities on offer in the neighbourhood, including the relevant contact addresses.
