Information

Dimensions	8.5x5.3x4.2 cm
Pack size	18.7 x 15.6 x 6.4 cm
Net weight	140 g
Gross weight	170 g
Catalogue page	333

The PERFECT marten repellent device

The water- and dirt-resistant M2700 is an ultrasonic marten repellent and prevents bite damage right from the start. Unlike many other ultrasonic devices, it can be placed exactly where it is needed – at the very bottom. Because that is where the martens enter the car. Since it is equipped with a fully encapsulated loudspeaker, you can install it in the engine compartment without hesitation. There, the device creates a 360° ultrasonic barrier. This way, martens cannot sneak into the vehicle in the sound shadow.

- Waterproof 2.0 (exceeds IP 65)
- Completely sealed 360° dome loudspeaker for particularly deep installation in splash water areas
- E1 mark of the German Federal Motor Transport Authority
- Self-extinguishing plastic
- Suitable for all motor generations
- Dimensions base unit: 8.5 x 5.3 x 4.2 cm

Specifications

Colour	red
Material	plastic, metal
Nominal voltage	12 V
Nominal current	2 mA
