The Tellefson wok ø 26 cm is ideal for searing meat, fish and vegetables. Its compact, industrial-style design and detachable handle ensure the pan takes up little space in the cupboard or drawer.

The robust ceramic coating prevents sticking and is scratch-resistant as well as easy to clean. This allows for healthier cooking as less fat is needed for frying. The material thickness of 2.2 mm ensures even heat distribution.

Advantages:

- Ceramic coating: non-stick, scratch-resistant, easy to clean
- Detachable handle for space-saving storage
- 2.2 mm material thickness for good heat retention
- Suitable for gas, ceramic, electric and induction hobs
