Protective Wax TEROSON® WX 990

TEROSON.

Information

Pack size	24.9x6.9x6.8 cm
Net weight	339 g
Gross weight	442 g

TEROSON WX 990 is a sprayable wax-based rust inhibitor. After thorough drying, a firmly adhering, plastically tough and water-repellent film remains. Since the flow point of the dry substance is above 100 °C, there is no risk of it running off or dripping even in the engine compartment. The dry film adheres to untreated and painted sheet metal.

- Adherent
- Water-repellent
- Transparent
- Tack-free drying

Specifications

Colour	transparent
Content	500 ml
Type	TEROSON WX 990
