

Item no. 310/538

Manufacturer's no. 0002574328

Wokpfanne ø 28 cm, 3.6 l

Information

Dimensions	7.5x28 cm
Pack size	9x29x34 cm
Net weight	960 g
Gross weight	1.01 kg

The wok with a smaller base and higher rim is made of forged aluminium with a cast aluminium look and high material thickness. This not only ensures a long service life, but also good heat distribution.

Thanks to the removable handle (available separately, item no. 310/539), the wok can be stowed away in a space-saving way and can even be used in the oven. The full-surface induction base ensures optimum heat distribution on all types of hobs, and is also perfect for multi-zone induction hobs.

The pan is equipped with the PFAS-free b.nature quartz coating and therefore has an excellent non-stick effect.

Suitable for gas, electric, halogen and induction hobs.

Specifications

Colour	grey
Capacity	3.6 l
Content	3.6 l
Material	aluminium
