Solar Controller SunSaverDuo SSD-25

SOLARA®
module, komponenten, systeme

Information

Dimensions	17x5.6x4.1 cm
Pack size	19.5x7.3x5.9 cm
Net weight	340 g
Gross weight	368 g

The SunSaverDuo™ by Morningstar is an advanced charge controller for two batteries with pulse width modulation for motorhomes, caravans, boats and cottages. This product will charge two separate and isolated batteries at the same time, such as a „house battery“ and a „motor battery“, based on the user-selected priorities. Robust design with metal housing, encapsulated circuit board and 5 years manufacturer's warranty also characterise these charge controllers. Regulated PWM characteristic and temperature-controlled charging make this regulator the charging centre of the solar system.

Technical data: daily output: 1700 Wh; controller: 17.0 x 5.6 x 4.1 cm, weight: 340 g; remote display: 9.7 x 9.7 x 3.1 cm, weight: 135 g (fits into a round hole with a diameter of 7.6 cm).

Specifications

Nominal capacity	425 W
Nominal voltage	12 V
Nominal current	25 A
