Cactus

Information

Dimensions	380x395x395 mm
Pack size	42x41x41 cm
Net weight	2.6 kg
Gross weight	3.5 kg

Cactus dry toilets without water and electricity.

The Klean-Contor dry toilet can be used worldwide without any problem – regardless of time and place!

The Cactus dry toilet is of advantage wherever you lack a hygienic possibility of using the toilet or when you are sick.

The Cactus dry toilet works with special disposable LidBags which provide an odour- and above all germ-free seal. The extremely hygienic, leakproof lid bag system can be disposed of with the rest of your residual waste.

Thanks to the hermetic sealing of the hygienic insert and lid and the direct disposal with household waste, cleaning the container with unmanageable amounts of disinfectants is no longer necessary. The Cactus dry toilet only needs a new toilet bag with a wetness buffer if necessary. Loadable up to 120 kg.

Scope of delivery: toilet, 1 lid bag, 1 wetness buffer.

Specifications
