Sine Wave Inverter SinePower DPSI-RCD 12 V, 2000 W

DOMETIC

Information

Dimensions	411 x 87 x 255 mm
Pack size	46 x 36 x 13.5 cm
Net weight	4.9 kg
Gross weight	5.3 kg
Catalogue page	586

Sine wave inverter with integrated RCD. This makes the installation of an RCD unnecessary when feeding into existing sockets. Ideally combinable with the Dometic Büttner network priority switch MT NU 3600 thanks to the additional output via the WAGO connector. Optionally, you can combine the inverter with the TD283 multifunctional display instead of the remote control included in the scope of delivery. It also works with the Dometic Power App – provided there is at least one Bluetooth®-enabled device in the network (TEMPRA battery or TD283 display in combination with a Dometic solar controller).

Certification mark: E-certified (EMC vehicle directive)

Energy efficiency: up to 90%

Specifications

Output voltage	230 V
Continuous output	2000 W
Nominal voltage	12 V
Peak power	4000 W
Type	DPSI 2012RCD
