Antifreeze Glysofor N – optimal protection for your heating systems

The frost protection fluid Glysofor N is the perfect solution to reliably protect your heating systems from frost and corrosion. Specifically developed for use in all common heating systems, such as Timberline, Glysofor N impresses with its versatility and ease of handling.

Your advantages at a glance:

- **Wide compatibility:** mixable with all antifreeze fluids, making it particularly flexible to use.
- **Ready-to-use mixture:** immediately ready for use, without additional dilution.
- **Reliable frost protection:** ensures optimal performance.
