purvario®
 by DÖRR

Information

Dimensions	33 x 10 cm
Pack size	33.4 x 11.3 x 3.1 cm
Net weight	600 g
Gross weight	650 g
Catalogue page	683

Extra high stow bars

Transport your tall glasses, cans and food containers upright and in a space-saving and tilt-resistant way with the flexible stow bars with a height of 100 mm.

How it works:

The narrow 5 mm spacing on the stow bars allows flexible adjustment to almost any distance. Simply insert the 100 MAXXI stow bars into each other to create storage compartments. This is now much easier with the purvario nub plate, as you only need to click on the stow bars. The flexible stow bars also offer optimum separation protection for your glasses – including real glass, of course!

There is a perforation every 5 mm so that the length can be shortened as required.

Tip: Please always place an anti-slip mat underneath. In combination with the nub plate, the 100 mm high stow bars are also ideal for Euro boxes.

Specifications

Colour	light grey, dark grey
Material	plastic
Set	8 pieces
Type	MAXXI
