The elegant and modern TREND S series features premium plastic together with brass levers and spouts. Its high quality and the ceramic cartridge, as used in households, will convince you. Its reduced weight, owing to premium plastic parts, allows for the use in motorhomes and caravans. The elegant and modern design fits into nearly every part of the kitchen, with 90 mm spout radius and an angled, turnable spout. Temperature and water flow can be precision controlled. The TREND S series can be used in connection with a submersible pump or a pressure pump. The switch is completely water-proof (IP67).

Technical data:

- Switching capacity: 4 A
