Frankana®

Item no. 322/042
Manufacturer's no. LED2,5CSTG4L

LEDs G4, 2.5 W

DAVID communication

Information

Dimensions	12 x 37 x 9 mm
Pack size	20 x 9.5 x 0.6 cm
Net weight	12 g
Gross weight	12 g
Catalogue page	557

LEDs are unbeatable when it comes to energy efficiency. The light qualities and application possibilities have increased enormously. They hardly develop any heat, light up immediately and are dimmable and available for almost all lamps. With LED light technology, you can save energy and costs.

- LEDs are switch-resistant, therefore more durable
- No fading of natural materials (no UV/IR radiation)
- Little insect orientation
- No soiling of ceilings/walls through heat development
- No mercury (lower disposal costs)
- Light colour: warm white

The lamps are not vehicle parts according to §22a StVZO. No CAN bus support. Car control units are not compatible.

These lamps are only suitable for interior lighting in motorhomes, caravans and boats.

Specifications

Beam angle	320°
Dimmable	No
Energy efficiency class	F
Colour	yellow
Luminous flux	240 lm
Nominal capacity	2.5 W
Nominal voltage	10 – 30 V
Base	G4
Type	LED G4 (2700 K)
