Manufacturer's no. KS10202

All-In-One Solar System DUAL AIR-SYSTEM, 200 Wp

Information

Dimensions	1180x450x40 mm
Pack size	118x59x8 cm
Net weight	13 kg
Gross weight	13 kg
Catalogue page	598

Complete set equipped with all necessary components required to install an NL DUAL AIR solar system in a recreational vehicle. To facilitate a quick and easy installation, the spoiler profiles and plug-in connection cables are already pre-assembled on the DUAL AIR solar panels. Interior cables (6 m) are included, as well as the adhesive MC4 roof cable routing kit. Plug-in retaining clips, Wago terminals and an EBL connector are supplied to feed the solar power into vehicles of the Hymer Group (e.g. Bürstner, Dethleffs, LMC, Carado) and many others. The MPP controller (NL SR 400 MPP) is rated for up to 400 Wp, features temperature control and can also be optionally expanded with a remote display (NL SF) and/or a Bluetooth module for app display. An adhesive kit is required for installation. If not available, simply order the NL solar adhesive kit as well.

Specifications

Cable length	6 m
Short circuit current	4.39 A
No-load voltage	27.65 V
Number of panels	2
Nominal power solar panel(s)	200 Wp
Type	NL DA 200-2
