

Item no. 320/393
Manufacturer's no. 50700-01

Gas Fill Level Indicator LevelControl

Information

Dimensions	185 x 16 x 73 mm
Pack size	23.7 x 16.7 x 5.6 cm
Net weight	100 g
Gross weight	120 g
Catalogue page	515

The Truma LevelControl uses ultrasound to measure how much gas is in the cylinder and sends the data via Bluetooth to a smartphone or tablet.

The Truma LevelControl app provides a convenient overview of the gas level and displays it as a percentage and the amount of gas in kilograms.

The Truma LevelControl is suitable for all standard European steel and aluminium cylinders (5 kg to 33 kg). An additional clamping plate is required for aluminium cylinders!

Advantages:

- **Precise:** precisely measures the cylinder's fill level in per cent and kg.
- **Comfortable:** easy to install and use with the Truma LevelControl app
- **Convenient:** simply use the integrated magnets to attach it to the bottom of the cylinder and remove it when changing cylinders
- **Universal:** works with all common European steel and aluminium gas cylinders (Logo EIA 2019)

Scope of delivery: Truma LevelControl, 3 feet, 2 batteries

Specifications

Micro 1.5 V, magnetic foil LevelControl for the gas cylinder,
installation and operating instructions

Technical data: gas type: propane/butane, power supply: 3 V / 2 x 1.5 V batteries (alkaline, LR03, AAA), current consumption: max. 70 mA, quiescent current consumption: 0.001 mA, operating temperature: -20 °C to +50 °C, Bluetooth: Class 2, weight (incl. battery): 120 g
