Adapter Cable Anderson to XT60 i for Solara Folding Solar Panels

SOLARA®
module. komponenten. systeme

Information

Pack size	18x18x3 cm
Net weight	250 g
Gross weight	300 g

This adapter cable connects an Anderson plug to an XT60i plug, allowing direct connection of Solara folding solar panels to devices with an XT60i input. Ideal for many common power stations and solar generators.

With a cable length of 5 m, it offers flexible usage options – be it for camping, in the garden or on the go. The cable cross-section of 2.5 mm² ensures reliable current transmission up to 30 A and supports a secure, stable connection between the solar panel and the device.
