Hose Connector

Information

Dimensions	13x3.2x8 cm
Pack size	32.6x16.6x12 cm
Net weight	30 g
Gross weight	40 g
Catalogue page	413

Connecting the GARDENA hose connector to the end of the hose is quick and easy. The elasticated ring at the end of the adapter serves as damage protection. Attaching the hose connector is easy thanks to the Power Grip. The accessory has grooved recessed grips that provide a pleasant feel. Connection is effortless even with wet hands. The hose adapter is also equipped with a specially shaped union nut, which ensures a high hose holding force. Another feature is its frost resistance, meaning that the hose connector can be used all year round. This high product quality is achieved by manufacturing in Germany and is further emphasised by the GARDENA manufacturer's warranty of five years. Replacement for hose end 13 mm (1/2") – 15 mm (5/8").
