Anti-Martens Spray 400 ml

Information

Dimensions	10x5.5x26 cm
Pack size	26 x 10 x 5 cm
Net weight	325 g
Gross weight	480 g
Catalogue page	333

The K&K anti-martens spray offers effective protection against martens and has been proven to keep the animals away from treated areas. Numerous tests and studies have confirmed the long-lasting effectiveness of the spray.

The active ingredient EC Oil (H/C) is extracted from the leaves of the lemon eucalyptus tree using a patented steam extraction process. This natural ingredient not only works against martens but can also have a repellent effect on other rodents.

The spray is easy and quick to apply. It is ideal for use in engine compartments, under carports or in attics – anywhere martens can cause damage.
