The gas heater provides pleasant heat exactly where you need it. Thanks to its 3-stage control, the heating output can be easily adjusted using the conveniently accessible rotary knob. The gas hose and pressure regulator are already included in the delivery. The infrared ceramic burner ensures even radiant heat and high comfort. For your safety, the heater is equipped with a flame failure device, a tilt protection, a piezo ignition and an oxygen deficit protection. Starting is quick and reliable with the piezo igniter. Four sturdy castors allow for effortless moving, so that you can use the heater flexibly in different rooms.

A special highlight is the space-saving folding function: when not in use, the side panels can be folded inward by loosening a few screws, allowing you to store the heater compactly. Dimensions when folded: 42 x 72 x 16 cm.
