## All-In-One Solar System SPR Caravan Kit Solar Peak MPPT

**Phaesun**

### Information

|              |                |
|--------------|----------------|
| Dimensions   | 1520x690x70 mm |
| Pack size    | 165x68x7.5 cm  |
| Net weight   | 21 kg          |
| Gross weight | 21.8 kg        |

Increase your energy independence with this all-in-one solar system – ideal for anyone looking for an efficient power supply.

This comprehensive set includes two powerful 120 W solar panels which, together with the state-of-the-art Western WRM15 dualB-E MPPT solar charge controller, ensure optimum energy conversion. Thanks to the Easy Mount One panel fastening kit and the convenient roof cable routing, installation is child's play.

In addition, the Easy Bond Two adhesive set ensures secure and permanent installation without the need for drilling holes. The 5 m QuickCab4 panel cable and the 1.5 m battery cable with 20 A fuse guarantee a flexible and secure connection.

The set is supplemented by an adapter cable for EBL and a QuickClip Y-adapter.

#### Scope of delivery:

- 2 x solar panel 120 W
- 1 x solar charge controller MPPT Western WRM15 dualB-E
- 2 x fastening kit Kit Easy Mount One
- 1 x roof cable routing
- 1 x adhesive set Easy Bond Two

### Specifications

|                              |                      |
|------------------------------|----------------------|
| Cable length                 | 0.9 m                |
| Short circuit current        | 6.46 A               |
| No-load voltage              | 24.1 V               |
| Number of panels             | 2                    |
| Nominal power solar panel(s) | 120 Wp               |
| Nominal voltage              | 12 V                 |
| Type                         | MPPT DUO 240 W   12V |

- 5 m panel cable QuickCab4
- 1,5 m battery cable with fuse (20 A)
- 1 x adapter cable for EBL
- 1 x Y adapter QuickClip
