

Item no. 322/366

Manufacturer's no. SB-BMTouch Epsilon 2

SB Touch Display for Super-B Epsilon 100 /150 Ah

Information

Dimensions	27 x 93 mm
Pack size	28.2 x 16.7 x 6.9 cm
Net weight	110 g
Gross weight	310 g

Your smart battery monitor

Experience maximum control and an overview of your battery with the SB Touch Display for the Super-B Epsilon 100/150 Ah. This intelligent battery monitor provides a comprehensive display of important battery data such as voltage, current, charge status, as well as remaining charge and discharge time. This way, you always know exactly how long your battery will continue to function – essential for anyone reliant on a reliable power supply.

Perfect adaptation to your battery

The SB Touch Display is specifically designed for use with the Super-B Epsilon 100/150 Ah battery. Use the display that is suitable for your battery to ensure optimal results and precise measurements.

User-friendly and versatile

With a selection of six different languages (German, Dutch, English, French, Italian, and Spanish), the SB Touch Display is internationally usable and user-friendly. The 2.4-inch TFT colour screen offers a clear and distinct display with a resolution of 320 x 240 pixels, making all information easily visible at a glance.

Reliable connection and easy installation

Specifications

Colour	black
Nominal voltage	12 V 24 V
Nominal current	80 mA
Suitable for	Super-B Epsilon 100/150 Ah

The display uses a robust network protocol and is connected via CAN-bus/RJ11, ensuring stable and reliable data transmission. Installation is simple and secure using screws.

Highlights at a glance:

- Intelligent battery monitor for Super-B Epsilon 100/150 Ah
- Display of voltage, current, charge status, and remaining charge and discharge time
- Six adjustable languages (DE, NL, EN, FR, IT, ES)
- 2.4-inch TFT colour screen with 320 x 240 pixel resolution
- Network protocol and connection: CAN-bus/RJ11
- Easy and secure screw attachment
- Incl. 5-metre connection cable
- Battery level indicator can be read

Secure the SB Touch Display now and enjoy the security and efficiency that only an intelligent battery monitor can provide. Stay well informed about the condition of your battery at all times and extend its lifespan through precise monitoring. Ideal for professionals and demanding users who value highest quality and reliability.
