Information

Dimensions	152.5 x 1.6 x 3.2 cm
Pack size	152 x 4 x 4 cm
Net weight	420 g
Gross weight	1.01 kg
Catalogue page	361

Are you tired of receiving an „automatic shower“ every time you open the sliding door when it is raining? The Dometic **RainTec 200** offers the perfect solution: a sturdy, powder-coated rain gutter made of aluminium in elegant black. It reliably channels rainwater away to the side, thus preventing unwanted rain showers.

Another highlight is the integrated **COB LED strip light**, which provides uniform, pleasant lighting – without visible individual LEDs. The light colour at **3000 K (warm white)** creates a cosy atmosphere. The included **remote control** allows you to conveniently switch and steplessly dim the light.

The set includes the rain gutter, the remote control and the necessary mounting materials. With an impressive service life of **50,000 hours**, the RainTec 200 is not only functional but also durable – the perfect retrofit solution for any vehicle.
