

Item no. 322/137

Manufacturer's no. 9620000246

Solar Charge Controller MT 230 PP

BÜTTNER
A2DOMETIC

Information

Dimensions	130x77x40 mm
Pack size	14.7x11.3x4.9 cm
Net weight	150 g
Gross weight	250 g
Catalogue page	591

The MTPP solar charge controller has been specifically designed for reliably charging batteries in recreational vehicles. It safely connects solar panels to the RV batteries and ensures optimal, gentle charging.

- Support for different battery types (wet, AGM, Gel, LiFePO₄), individually adjustable
- Protection features such as overcharge protection and on-board network filter for maximum safety
- Additional charging output for the starter battery and battery activation program for long-term charging
- Incl. battery temperature sensor for precise, compliant charging of cycle-resistant batteries
- LED monitoring and connection options for the MT solar remote display as well as optional EBL connection cables

Specifications

Charging current	14.5 A
Nominal capacity	230 W
Nominal voltage	12 V
Type	MT 230 PP
