Gas Fill Level Indicator W8 Gascontrol 2.0

Information

Dimensions	292 x 31 x 292 mm
Pack size	36 x 35 x 5 cm
Net weight	800 g
Gross weight	900 g

The electronic device W8 Gascontrol 2.0 measures the fill level of gas cylinders and transmits it via Bluetooth to smartphones or tablets with Android or iOS technology. Due to its very low installation height, the Gascontrol W8 can be used in the gas cylinder box of most recreational vehicles.

Features:

- Suitable for all gas cylinders (steel, aluminium, plastic, fibreglass) with a maximum diameter of 30 cm
- Fast measurement of the fill level
- Displays the remaining operating time
- Displays the fill level and operating time on your smartphone or tablet
- Bluetooth technology
- Software compatible with Android and iOS systems
- App for smartphone or tablet included in delivery (download), can be used to operate two scales
- Operation with batteries (not rechargeable)
- Housing made of impact-resistant plastic
- Simple and intuitive to use
- European product

Specifications

Version 2.0 of the W8 Gascontrol features the following improvements and further developments: newly developed cover for the weighing cells, extension of the connection cables to the battery charging compartment, updated W8 app.

Areas of application:

- Recreational vehicles
- Camping and picnics
- BBQ Grill

Please note: The reading device (smartphone, tablet, etc.) is not included in delivery!
