

Item no. 309/918

Manufacturer's no. 34020-63800

Electronic System Combi/Combi D (E), 230 V

Information

Pack size 14.2 x 8.7 x 2.4 cm

Net weight 150 g

Gross weight 250 g

The Truma power electronics is a central spare part for the heating systems Combi 4 E, 6 E, and D 6 E. It reliably regulates the heating output and ensures efficient operation. It is easy to install and therefore ideal for maintenance and repair.

Specifications

Nominal voltage 230 V

Suitable for Combi (E)
