Macerator toilet for installation in boats, motorhomes, caravans or mobile homes. It can be connected directly to the waste tank or waste water system and operates quietly. In addition, automatic flushing makes it more convenient. An indicator light on the control panel can be connected to the waste water system and indicates when the waste tank must be emptied. The ceramic bowl is stylish and easy to clean. A powerful macerator crushes not only faeces, but also has no problem with shredding toilet paper. Economical water consumption.

#### Technical data:

- Current drain pump: 40 A
- Water consumption per flush: 0.5 – 2.7 l
- Maximum head: 11 m
- Maximum distance: 90 m

#### Connectors:

- Inlet pipe: 1/2"
- Drain pipe: Ø 40 mm (outside)
