Gross weight	7.2 kg
Catalogue page	572

Robust power supply for outdoor use

With the cable reel CEE Garant Camping/Maritime, you are well equipped for the campsite or other demanding outdoor applications. The 25 m long RN cable (H07RN-F 3G2.5) in signal orange is extremely robust, oil-resistant and designed for permanent outdoor use.

The cable reel provides a reliable power supply with a CEE socket (230 V/16 A) and three splash-proof safety sockets (230 V). Thanks to its IP44 protection rating, it is ideally suited for outdoor use.

Maximum safety is ensured by the single-pole safety cut-off with overheating protection, which allows for automatic disconnection in case of overload. The ergonomic „cablepilot“ carrying handle ensures that the reel is comfortable to use, while the rotating handle makes it easy to rewind the cable.

Specifications

Colour	blue
IP protection class	IP44
Cable length	25 m
Nominal voltage	230 V
