Manufacturer's no. 720010018

Fibre Sheet GroundCover, 18 x 2 m

Information

Dimensions	1800x200x1 cm
Pack size	101 x 24x24 cm
Net weight	5.9 kg
Gross weight	5.9 kg
Catalogue page	81

Never clean the mud flap of your awning again! This thin fibre cloth is laid out as an underlay approx. 30 cm larger than the awning before pitching. The awning is then set up on this underlay and the pegs are driven directly through it. This keeps the awning parts clean at all times. The material is UV-resistant, water- and air-permeable and dries quickly. Suitable up to a depth of max. 3 m. One roll measures 2 m x 18 m (36 m²). The sheets are laid overlapping as required.
