

Item no. 322/827

Manufacturer's no. 9620000206

Solar Panel Flat Light Q

BÜTTNER
→DOMETIC

Information

Dimensions	980 x 980 mm
Pack size	108.5 x 107.5 x 3 cm
Net weight	4.9 kg
Gross weight	8 kg
Catalogue page	597

The solar panel by Büttner Dometic was developed for pop-tops and high roofs of camper vans, vans, campers or as a walk-on version for your motorhome's roof. The panel combines high quality and maximum solar capacity. Thanks to its square design, it is possible to operate consumers such as compressor fridges and/or inverters self-sufficiently despite limited space and battery capacity. When adhering the panel to high roofs, it is possible to lead the connection cable downwards inside the panel. However, an ultra-flat roof cable routing is also included in delivery. For this 42-cell high-performance panel, an MPP solar controller is mandatory.

Specifications

Short circuit current	6.3 A
No-load voltage	23.8 V
Number of panels	1
Nominal power solar panel(s)	170 Wp
Daily output	750 Wh
Type	MT 170 FLQ
