Gas Barbecue Safari Chef 30 Compact cartridge

Information

Dimensions	30x23x35 cm
Pack size	35x35x26 cm
Net weight	5.5 kg
Gross weight	5.7 kg
Catalogue page	507

The Safari Chef 30 Compact is an ultra-compact, lightweight gas barbecue. It works directly with a 227 g bayonet cartridge. Simply insert the gas cartridge into the appliance, click it in and you can start cooking or grilling. An ideal appliance for outdoor activities and camping holidays. Despite its small size, the Safari Chef 30 Compact is extremely versatile as it has various cooking surfaces: a pan stand, a grill plate (not on the LITE version), a grill grate and a lid that can also be used as a pot. You can easily cook a pot of soup or noodles on the pan stand. The grill grate and grill plate have the CADAC GreenGrill coating and are perfect for roasting and grilling meat, fish and vegetables. The lid can also be used as a (soup) pot and is therefore multifunctional. The drip tray catches cooking residues, but also serves as a windbreak so that the burner does not go out. A robust carry/storage bag is included so that you can easily take the Safari Chef 30 Compact anywhere.

Specifications

Operating pressure	cartridge
Colour	black
Gas consumption	145 g/h
