|----------------|------------------|
| Dimensions     | 81 x 67 x 54 mm  |
| Pack size      | 16.5 x 10 x 7 cm |
| Net weight     | 370 g            |
| Gross weight   | 530 g            |
| Catalogue page | 514              |

The Truma gas filter effectively protects your gas system against soiling: oily residues are reliably filtered out and collected in a filter pad. Simply replace the filter pad with a new one each time you change the bottle. The gas filter fits all wall- or ceiling-mounted Truma gas pressure regulators.

- Filters up to 99.9% of aerosols and protects the gas system and all gas devices.
- Together with the pads, you can use the filter for longer and save money.
- Can be opened quickly and without tools to control and replace the pad.
- Opening is only possible when the gas cylinder is closed.
- Fits into nearly all gas cylinder boxes.
- Quick to retrofit.

Input: exterior thread M20 x 1.5 (G.13)

Output: union nut M20 x 1.5 (H.20)
