Threaded Fitting, Sealing Form C/KN 60 G

GOK

Information

Pack size	17 x 10 x 4 cm
Net weight	29 g
Gross weight	29 g

The threaded fittings sealing type C/KN 60G are suitable for reliable pipeline assembly of valves.

With sealing type C, the thread ensures a tight connection according to EN 10226-1 / ISO 7-1. Sealing type KN offers an external thread G with a 60° internal cone for ball nipples – precisely manufactured for durable and secure installations.
