

Item no. 322/775
Manufacturer's no. V0010800

Battery Switch Smart BatteryProtect, 65 A

Information

Dimensions	12.3x6.2x12 cm
Pack size	13x6x5.5 cm
Net weight	200 g
Gross weight	240 g
Catalogue page	583

Smart BatteryProtect disconnects the battery from the less important consumers before it is fully discharged (which would damage it) or before it no longer has enough energy to start the engine. The on/off input can be used as a system on/off switch. By using Bluetooth to programme the Smart BatteryProtect, all required on/off thresholds can be set. Alternatively, one of nine preset on/off thresholds can be set using the programming pin.

Specifications

Nominal voltage	12 V 24 V
Nominal current	65 A
Type	BP-65
