

Item no. 323/678

Manufacturer's no. 611100101

Solar Panel S Series, 100 Wp

SOLARA®
module, komponenten, systeme

Information

Dimensions	1500x350x35 mm
Pack size	160x45x7 cm
Net weight	7.9 kg
Gross weight	9.1 kg
Catalogue page	605

The framed S Series solar panels impress with their high levels of performance and robustness. The S Series panels work even in extreme weather conditions: storm, hail, ice, snow, high humidity and extreme temperature fluctuations. The high-performance cells reliably utilise the available light for maximum electricity yield.

- Appealing design
- Special glass that protects the panel against any weather
- Robust aluminium profile frame (even seawater-resistant)
- Socket installed on the back

Long service life

- Weather-resistant and waterproof protection films used in production
- Drainage holes in the frame prevent frost damage
- Large, waterproof junction box with clamp connector

Performance warranty

- Only high-performance solar cells used in production
- Best low-light performance
- Product warranty: 5 years

Specifications

Short circuit current	5.04 A
No-load voltage	24.16 V
Number of panels	1
Nominal power solar panel(s)	100 Wp
Daily output	400 Wh
Type	S400M36

- Exclusively made in Germany
