Clean disposal – even in standard toilets

The CATO is placed on the toilet before emptying and the supplied spout is inserted into the opening.

The cassette is then opened and the spout is inserted into the nozzle.

After pressing the ventilation button, the faeces can be easily disposed of.

The spout stabilises the cassette and ensures an optimum angle.

After use, the CATO can simply be rinsed with water or wiped clean with toilet paper.

- No splashes on the lid or toilet seat
- Even the upper rim of the bowl remains clean
- No soiling outside the toilet
- No disgusting sight
- Less unpleasant odours
- Simply flush to clean
- Easy to clean
- Good ecological balance due to production in Germany
