

Item no. 610/470
Manufacturer's no. 16436

Magnet A-System rondoline with External Thread

Information

Dimensions	6x31 mm
Pack size	3.1 x 3.1 x 0.6 cm
Net weight	24 g
Gross weight	34 g

This A-system is particularly suitable for use on sensitive surfaces. The special rubber coating prevents scratches or discoloration on the surface. Additionally, the displacement forces are higher due to the rubber coating.

Rubber-coated, $\varnothing$ 31 x 6 mm, NdFeB, external thread M6 x 11, holding force*: 89 N/8.9 kg.

* The forces were determined at room temperature on a polished steel plate (S235JR according to DIN 10 025) with a thickness of 10 mm (1 kg ~ 10 N). A deviation of up to -10% from the specified value is possible in exceptional cases. Generally, the value is exceeded. The type of application (installation situation, temperatures, counter anchors, etc.) can significantly influence the forces. The specified values are for guidance.
