## Universal Holder

### Information

|              |                |
|--------------|----------------|
| Dimensions   | 0.6x4.3 cm     |
| Pack size    | 4.3x4.3x0.6 cm |
| Net weight   | 34 g           |
| Gross weight | 44 g           |

### Flexible and gentle attachment

With the magnetic universal holder, you have the perfect solution to securely attach items such as water tank caps, water hoses or work lights without drilling. The holder is perfect for cables, pipes, hoses and much more that can be flexibly mounted on ferromagnetic surfaces. Thanks to the rubberised coating, it protects sensitive surfaces from scratches and can be removed without leaving any residue when not in use.

### Advantages:

- Strong holding force\*: 100 N (approx. 10 kg)
- Rubberised magnet (ø 43 mm) for secure grip
- Zinc-coated spring steel clamp (ø 20 – 22 mm) for versatile applications
- Gentle on sensitive surfaces
- Easy to attach and remove without drilling

Whether you are camping or at home – this universal holder is the perfect aid for more order and safety.

\* The forces were determined at room temperature on a polished steel plate (S235JR according to DIN 10 025) with a thickness of 10 mm (1 kg ~ 10 N). A deviation of up to -10% from the specified value may occur in exceptional cases.

### Specifications

Colour black

In general, the value is exceeded. The type of application (installation situation, temperatures, counter anchors, etc.) can significantly influence the forces. The specified values are for orientation.
