Tank Drain with Shut-Off Valve

REICH
WATER SOLUTIONS

Information

Dimensions	99x5.2 cm
Pack size	105x7x7 cm
Net weight	340 g
Gross weight	380 g

The tank drain with shut-off valve allows you to easily and completely empty the fresh water tank in a caravan or motorhome. The single-stage system is fully equipped with a shut-off valve, a connecting rod and a handwheel. With a rod length of 89 cm, the tank drain is ideal for comfortable water draining.
