Catalogue page	440

3-chamber diaphragm pumps – The classic with tried and tested pressure switch control is reliable and durable.

For automatic and reliable supply of drinking water in motor-homes. The unique diaphragm technology guarantees precise and controlled dosing. Each pump head has a check valve for over 13 bar and a pressure switch control. This ensures that water flows immediately when the tap is opened. All LILIE diaphragm pumps are dry self-priming and may also run dry.

The motor, the base plate and the pump head drive are made of metal. The rest of the pump head is made of polypropylene.

Specifications

Pressure	1.9 bar
Static head	3.1 m
Output	9 l/min
Cable length	0.5 m
Nominal capacity	60 W
Nominal voltage	12 V
Nominal current	5 A
Certified for drinking water	Yes
Type	LP209
Variant	1.9 bar 9 l/min
