The utilitywallBOXX for the passenger side offers a practical combination of storage and trim for the side wall panels of your transporter (T5/T6/T6.1). Equipped with a combination of pockets and mesh rows, it provides ample space to keep clothing and other items easily accessible and organised.

It is easy to install using the included expansion rivets on the original mounts on the side wall panel, which ensures that the box is securely attached and easily accessible.

Be it for quick access from the outside or for tidy storage inside – the utilitywallBOXX adapts flexibly to your needs and is the perfect companion for your travels.
