Bag DELTA 2

EcoFlow

Information

Dimensions	28x35x18 cm
Pack size	40x21x5 cm
Net weight	200 g
Gross weight	250 g

The waterproof bag for the EcoFlow DELTA 2 offers comprehensive protection against water, dirt and damage during transport without compromising user-friendliness. Made from lightweight, waterproof and wear-resistant material, the bag reliably protects the DELTA 2 from the elements, knocks and scratches.

It also ensures access to all power connections and the carrying handle. A transparent cover for the LCD screen makes it easy to monitor the DELTA 2 and also protects the display from scratches.

Scope of delivery: Bag for EcoFlow DELTA 2

This bag is universally suitable for devices in all regions, regardless of the type of socket.
