

Item no. 610/468
Manufacturer's no. 4535

Pole Gripper Made of NdFeB, Steel Housing, with Internal Thread, zinc-coated, 10 mm

Information

Dimensions	20 x 10 mm
Pack size	2 x 1 x 1 cm
Net weight	11 g
Gross weight	21 g

The pole grippers are magnetic systems housed in a compact cylindrical casing. They are a practical solution for a variety of applications – even in the camping world! With their impressive holding force, they are perfect for securely and reliably holding, clamping, transporting or fastening ferrous tools or parts.

Thanks to their compact design (ø 10 x 20 mm) and the zinc-coated steel housing, they are particularly robust and durable – perfect for use in everyday camping, for example, in vehicle repairs, fixtures in motorhomes or for outdoor tools.
