The perfect protection for your barbecue

With the durable, water-repellent barbecue cover made of high-quality vinyl, you will significantly extend the lifespan of your barbecue. The cover has been specifically designed for 47 cm barbecues and offers year-round protection – ideal for popular models such as the Carri Chef 50 and Carri Chef 40.

Thanks to the generous diameter of 62 cm and a height of 58 cm, the cover envelops the entire barbecue and protects it from weather conditions such as rain, wind and dirt. The integrated drawstring ensures that the cover stays securely in place even when it is windy.

The water-repellent vinyl cover not only protects against moisture but is also UV-resistant – keeping your barbecue safe from harmful sun exposure.

Please note that the cover is water-repellent but not 100% waterproof.

Important features:

- Durable, water-repellent vinyl cover
- Provides year-round protection for 47 cm barbecues
- Equipped with a handy drawstring closure for windy days
