**Urine Tank Fresh** offers a reliable solution for the hygienic handling of urine in separating toilets. The formula takes effect as soon as the urine flows through the hose, ensuring that the tank remains fresh and odour-free from the start. One dose works for up to five days and supports a clean feeling both during use and when emptying. When used correctly, the full urine tank can be safely emptied into any toilet connected to a sewage system or septic tank.

#### Advantages:

- Effective odour control and daily freshness
- Prevents the formation of urine scale and dissolves deposits in hoses and tanks
- Suitable for the urine tank of all common separating toilets
- Safe disposal even in septic tanks (according to usage conditions)
- Pleasant, fresh orange scent
- Bottle made from up to 95% recycled plastic
- Ideal in combination with Thetford Separating Toilet – Bowl Cleaner
- Contains natural lactic acid

#### Specifications

|         |        |
